Friday Note

Air Pollution

Last week Collaborate Digital, came to visit Class 4. They led a lesson with the children about air pollution within our local community.

The children are taking part in a competition to try and convince people to cut down on air pollution by not always using the car. They worked with a Radio Producer to learn lines and speak clearly in groups to create their own advert. The advert will be put into a competition alongside other childrens from local schools and the winner will have their advert broadcast.

Attached to the email with the Friday Note are the adverts. We hope you enjoy listening to them.
